

MODEL 2001P

(shown with optional polishing kit # 5021)

New from the Innovators at
Hutchins Manufacturing
The 2001P Industrial Quality
Air Powered Polisher

Developed for Aerospace, Marine and Automotive Applications

- Lightweight Aluminum Construction; weighs only 5.5lbs
- Ultra-Quiet Muffler design to meet OSHA noise standards
- Heavy-Duty gear case for Low-Speed Hi-Torque Polishing
- Low air consumption compared to competitive models
- Forward "T" handle for unsurpassed control when polishing hard-to-reach or inverted surfaces
- Like all Hutchins products, Proudly built in the USA!

Part No.	Model No.	Type	Action	Air Consumption at 90 PSI	Full Power Polishing from 900 - 1700 RPM	Noise emissions
2001P	2001P	Polisher	Rotary	11.6@ 90 PSI		80 dBa
