

Random Orbit Action Sanders

The ProFinisher™ Line

3/16" offset

Model 600 ProFinisher™

Designed as a "Value Added" sander, the 600 offers American-Made quality at an Import price. The 3/16" offset delivers aggressive material removal with comfortable low vibration operation. **Similar Models:** 3560, 3570 & 4560.

3/32" offset

Model 500 ProFinisher™

The 500 is a less aggressive version of the ProFinisher 600™ designed for paint prep. Its 3/32" offset is perfect for pre & post paint sanding operations. **Similar Models:** 3500 & 4500.

The Legacy Series

3/16" offset

Model 3570

The 3570 combines fast, aggressive sanding with balance, durability, and long-term performance. Designed for extended use applications, it will continue to perform long after others have quit. Available with 3/16" offset in standard, vacuum, and water versions. Will support 5", 6" or 8" pad applications. Includes Pad removal button for easy pad removal. **Similar Models:** 3970, 8970 & 7547.

3/32" offset

Model 3500

The premier painter's sander; the 3500 offers a lifetime of service to professional refinish technicians. Superior balance and control for effortless pre or post paint panel preparation. Its 3/32" offset makes the 3500 a necessity in any paint shop. Will support 5", 6" or 8" pad applications. Includes Pad removal button for easy pad removal. **Similar Models:** 3950, 4500, 4950, 8650 and 7544.

3/16" offset

Model 3560

The 3560 is the 3/16" offset version of the 3500 for automotive sanding applications. Slightly less aggressive than the 3570, the 3560 is a "Bodyman's" sander for leveling filler or primer before going to paint. Designed for a lifetime of use, the 3560 will deliver uncompromising performance year after year. Will support 5", 6" or 8" pad applications. **Similar Models:** 3570, 4560, 4960, 3970 & 3960.

3/32" offset

Model 3501

Designed for spot/nib sanding the small offset and pad sizes allow the operator to correct surface imperfections. Comes with both 1" & 3" Velcro pads. Works great for sanding bumper covers and door jambs. Includes Pad removal button for easy pad removal.

3/32" offset

Model 4500

Researched and developed as the original finishing palm sander, the 4500 is the premier in low vibration operation. Its metal housing and larger frame eliminates operator fatigue. Will support 5", 6" or 8" pad applications. Includes Pad removal button for easy pad removal. Handle optional. **Similar Models:** 3500 & 7544.

3/16" offset

Model 4560

A 3/16" offset version of the 4500, the 4560 is the ultimate combination of aggressive sanding action and low vibration operation. Heavier construction absorbs vibration while delivering performance. The choice of professionals for decades. Will support 5", 6" or 8" pad applications. Includes Pad removal button for easy pad removal. Handle optional. **Similar Models:** 3560 & 3570.
